

BAUSCH + LOMB ONE BY ONE RECYCLING PROGRAM

Every year, countless Bausch + Lomb contact lenses and pieces of plastic packaging end up in dumpsters and landfills across America. We are working with **TerraCycle**® to put an end to this enormous loss of resources.

The **ONE by ONE Recycling Program** allows us to recycle these items and prevent them from ending up in landfills.

And not only are you helping the environment, but the waste you recycle with us will earn a donation to Optometry Giving Sight, the only global fundraising initiative that specifically targets the prevention of blindness and impaired vision due to uncorrected refractive error - simply the need for an eye exam and a pair of glasses.
